STORY ANGLE

THE ROLLOUT RECORD DOCUMENTS MESSAGE REPETITION AND CROSS-CHANNEL EXPANSION.

Public campaign materials and defined platform datasets show how RacerVerse appeared across investor, social, video, licensing, and retail surfaces. Counts remain tied to collection dates and account sets; visibility is not proof of legal confusion or measurable harm.

QUICK READ

WHAT THE RECORD SHOWS

- 1. Mattel said in September 2026 that it had shifted from item-based advertising toward thematic brand-building; the remarks concerned its broader portfolio, not RacerVerse specifically.
- 2. The site preserves dated RacerVerse social and YouTube datasets with collection methods and scope notes.
- 3. The datasets show observed publications and metrics, not complete global reach, unique people, causation, or damages.
